

Construction Craft Worker Program

The Construction Craft Worker (CCW) is a program that offers the trainee the capacity to work in a variety of sectors and construction fields. Our program covers a broad base of skills including form setting, scaffolding, and concrete placement skills. Some of the tasks completed by a trainee include erecting and dismantling concrete forms, scaffolding, ramps, catwalks, shoring and barricades required at construction sites.

Construction Craft Workers work on a wide variety of structures such as, residential, commercial and industrial buildings, hydroelectric dams, roadways, bridges and railways.

Program to run October 2, 2017 to November 24, 2017

Info Sessions will be held on the following dates. Please attend to meet with program staff and have your questions answered.

Friday, September 15, 2017 10 am

Wednesday, September 20, 2017 10 am

Wednesday, September 27, 2017 2 pm
